

Julian *Manjarres*

Podcast Editor & Audio Producer

New York City, NY Open to Remote Work julianmanjarres1998@gmail.com

01 PROFESSIONAL PROFILE

Podcast editor and freelance audio creator with hands-on experience in agency podcast production, sound design, game audio, and music composition. Skilled in shaping raw recordings into polished episodes and trailers, mixing dialogue and music, and creating sound effects for immersive storytelling.

02 RELEVANT EXPERIENCE

The Plug Agency / Podcast Editor & Manager Intern

JUL – OCT 2026

Completed 100-hour internship · Broad-ranging audio and multimedia post-production

- Edited and mixed long-form podcasts from raw recordings, refining dialogue clarity, pacing, transitions, and narrative flow.
- Produced promotional trailers and highlights through excerpt selection, music integration, sound design, and polished stereo mixes.
- Created atmospheric narrative audio and produced branded explainers, podcast intros, and captioned social clips with supporting footage. Work received positive agency feedback.

Freelance Audio Production / Sound Designer & Composer

PROJECT-BASED

Independent audio, music and game-development collaborations

- Created sound effects and audio assets for completed small game-jam projects, combining original synthesis/recording with edited library sounds.
- Developing game audio for an upcoming public Steam demo; experience with SFX editing, environmental ambience, interface sounds, and FMOD/Godot workflows.
- Composed and produced music across orchestral, retro/game, jazz, and contemporary funk styles, including piano performance, MIDI programming, and mixing.
